DETAILED ACTION

This application is a continuation of PCT/CA98/01133, filed December 7, 1998 which claims benefit to foreign application 2 218 199, filed December 9, 1997 in Canada.

Applicants' after final amendment filed May 25, 2004, has been received and entered. The specification has been amended. Claims 1-8, 10, 12, 15, 18-36 have been canceled. Claims 40-47 have been added. Claims 9, 11, 13, 14, 16, 17 and 37-47 are pending and currently under examination.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the amendment to the claims has put the application in condition for allowance. After the entrance of the after final amendment, the only claims remaining are those previously indicated to be allowed. The specification teaches a specific GCG repeat in the PABII gene that has been associated with increased severity of oculopharyngeal muscular dystrophy. Newly added claims set forth SEQ ID NOs that represent specific numbers of GCG repeats encompassed by the broader claim 37.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
